8 PAGES TODAY.

WEATHER

Partly cloudy tonight and
Wednesday, warmer.

TWO MORE TOWNSHIPS OVER TOP

Center and Noble Are Latest to Re-
port Allotments to Red Cross
War Fund Raised

HALF WAY MARK IS REACHED

Still Hopeful of Completing Canvass
Tonight, Making Reports
Available Tomorrow

MANY LARGE SUBSCRIPTIONS

Hundred Dollar Donations Are Com-
mon and Score of Fifty Dol-
lar Ones Are Made

Scattered returns from various
parts of the county show that in the
present drive Rush county without
doubt will break former records in
the second drive for the war mercy
fund.

With half of the townships re-
porting an over the top subscription
last night and incomplete reports
from the remaining districts show-
ing excellent returns, all preceding
records in war relief drives were
broken and a flying start obtained
which gathered enough momentum
in the first few hours of the canvass-
ing to carry the campaign over
the top with a whirl in an exceed-
ingly short time.

Yesterday's work established a
new city record for the amounts of
money pledged in a single day, and
compares favorably if not in excess
with practically every city, even
those of much larger size in this
section of the state. Hundred dollar
subscriptions became common be-
fore half of the day's work was
completed while scores of fifty dol-
lar subscriptions marked the lists of
almost every canvasser in the city.

Many canvassers in Rushville
township have reported a one hun-
dred per cent canvass to Judge Will
M. Sparks, who is township chair-
man of the Red Cross drive. Sev-
eral districts which reported a one
hundred per cent in the membership
campaign last winter have come
back better than ever during the
present drive with generous sub-
scriptions.

The work of the canvassers has
been slowed down in some districts
where the subscription card supply
gave out and it was necessary to
discontinue the work until a new
supply could be obtained from the
Indianapolis office. An abundant
supply was in the city by noon to-
day, however, and the canvassers
were able to continue their work
this afternoon.

In addition to the townships re-
ported yesterday as having reached
their quota, Anderson, Richland,
Washington and Ripley—Center and
Noble have also passed the honor
mark. In Orange township where the
quota has been placed at \$1,000 a
subscription of more than half that
amount has been reported.

E. B. Thomas, chairman of the
drive in the district, is urging Rush
county to speed up in the hope that
she will not lag behind the neigh-
boring counties in which the canvass-
ing is expected to be completed, with
final reports available by tomorrow
afternoon.

WANTS CHARGES DISMISSED

Washington, May 2.—Senator
Robert LaFollette today demanded
that the senate committee on privi-
leges and elections dismiss charges
of disloyalty filed against him by
the Minnesota public safety commit-
tee. Through his attorney Gilbert
E. Roe, LaFollette asserted there
was no disloyalty in his speech on
Sept. 17, 1917, when he declared
the United States did not have
enough grievances against Germany
to warrant a war declaration.

DID NOT START THE RUMOR

William Trowbridge Repeated it But
Meant no Harm, Friends Say

William Trowbridge of Center
township, who repeated the rumor
that the Rush county chapter of
Red Cross had paid \$125 to have the
treasurer's books audited, regrets
that he had anything to do with the
affair and says that his part was
wholly unintentional and without
any thought of causing any trouble.
Mr. Trowbridge did not start the
rumor, but heard it, and when he
read the commissioners allowances
about \$125 being appropriated to
buy Red Cross war histories for
men in the service, he presumed it
was true. Mr. Trowbridge is thor-
oughly loyal and would not harm
the Red Cross, his friends say.

RUSH COUNTY BOYS IN TRAINING SCHOOL

Four Former Local Men Enter Of-
ficers School at Camp Shelby,
Mississippi

COURSE BEGAN LAST WEEK

The roster for the fourth officers
training camp which opened last
week at Camp Shelby, Miss., has
been announced and contains the
names of four Rush county boys
who left here last summer with the
old B company and the medical
unit.

Corporal Lawrence Cameron and
Sergeant Paul Koons of the head-
quarters company of the 139th field
artillery, Sergeant Cleo Fawcett,
of B battery and Sergeant Stanton
McBride of the sanitary detachment
of the same regiment were accepted
for the course of training. Harry H.
Nagle, who is well known in this
city and was formerly a musician in
the Mitchell orchestra here, has also
been accepted for the school.

Three hundred and seventy-four
enlisted men are enrolled as stu-
dents representing each unit in the
thirty-eighth division and in addi-
tion there are fifteen men of the
Fourth field artillery. Infantry in-
structors, artillery instructors and
headquarters officers are included in
the personnel of the officers who are
in charge of the school and in addi-
tion to the instructors who have
been stationed at Camp Shelby, are
eight other instructors ordered to
the school by the war department
from Leon Springs, Texas.

CANADIAN SERGEANT SPEAKS HERE TUESDAY

W. S. McBirnie, Who Has Been Over
the Top Many Times, Coming in
Salvation Army Drive

RELATES HIS EXPERIENCES

Rush county people will have an-
other opportunity, a week from to-
night, to hear the experiences of a
soldier who has been over the top.
Sergeant William S. McBirnie, Nine-
teenth battalion, Canadian Expedi-
tionary forces, will speak at St.
Paul's M. E. church in the interests
of the Salvation Army war fund.

McBirnie spent two years in the
trenches and has many thrilling ex-
periences to relate. He is an accom-
plished speaker and gives a vivid
description of the hardships and ad-
ventures of a soldier. His descrip-
tion of a bayonet charge, many of
which he has been engaged in, is de-
clared to be very realistic. He has
been over the top many times and
has been wounded several times;
twice seriously, so that his services
in the trenches were ended.

Pupils of the Greensburg High
school have purchased more than
\$800 worth of War Savings and
Thrift stamps.

FARMERS HAVE TO CONSIGN WOOL

All Buying is Forbidden, According
to Word Received by Oneal
Brothers, Local Dealers

PRICES TO BE REGULATED

Rushville Concern Asks to be Made
Consignment Agency—Plan Will
be Unsatisfactory

Oneal Brothers, who buy wool in
at least eight counties surrounding
Rush county, have been advised by
Chas. J. Webb & Co., commission
merchants, importers and dealers, of
Philadelphia, Pa., that all buying is
forbidden by the government, but
that the local or country dealer is
permitted to receive consignments
from his customers, and he in turn
consigns to licensed dealers in the
east.

Oneal Brothers have replied that
this will be very unsatisfactory here
to do business this way, because
farmers will not want to consign
their wool, and suggested that they
be made a consignment agency since
they buy in many surrounding coun-
ties.

The prices of wool have all been
regulated by the government, based
on scoured value for each grade.
Therefore, all will be paid for their
wools, according to grades and
shrinkages.

The commission is also to be re-
gulated by the government, accord-
ing to the letter received from the
Philadelphia commission merchants.
In that event according to the local
dealers, the commission fixed by the
government would be added to the
price allowed the consumer by the
government.

Under the present arrangements,
the trading in wool is practically
stopped because according to the
consignment plans, all buying is
stopped. In other words, dealers
like Oneal Brothers can not go into
the market and make offers for a
farmer's wool. This does not mean,
however, that a farmer may not
take his wool to the dealer and con-
sign it.

Oneal Brothers are of the opinion
—and they so informed the Phila-
delphia merchants—that farmers
will not be willing to consign small
lots of wool and that in the end, if
this same policy is followed, it will
be necessary to fix a limited time
for the wool to be placed on the mar-
ket, such as was done with the
wheat.

LOSS IN THE SCHOOL ENUMERATION HERE

Thirty-Four Fewer Children of
School Age in Rushville This
Year Than Last

A GAIN OF 18 IN CARTHAGE

The enumeration of children of
school age in Rushville shows a loss
of thirty-four as compared to last
year. The total enumeration this
year amounted to 1,229 as com-
pared to 1,263 last year. The enu-
meration in Carthage shows a gain
of eighteen in comparison with last
year, the number this year being 221
and last year, 203.

The reports from all of the town-
ships should have been in the hands
of C. M. George, county superin-
tendent of schools, by the first of
May, but not all of them have been
completed.

The Rushville enumeration showed
577 white males, and 508 white fe-
males, 31 colored males and 23 col-
ored females. The Carthage enu-
meration showed 91 white males, 88
white females, 27 colored males and
15 colored females.

CHURCHES ARE ALL WELL REPRESENTED

Annual Meeting of Connersville Dis-
trict of M. E. Church Gets
Under Way at Carthage

DELEGATES GET AUTO RIDES

Dr. O. W. Fifer Will Address on
Subject, "Patriotism and Pray-
er," Tonight

With excellent representations
from every town in the Connersville
district of the Indiana Methodist
Episcopal conference, the annual
district meeting got under way at
this morning's session.

The initial meeting of the confer-
ence was held last night at the
Fletcher Methodist church and con-
sisted of a program for the well-com-
ing of the delegates and guests of
the district. The Rev. Clyde S.
Black of this city, conducted the
musical exercises and the address
of the evening was delivered by Dr.
Philip L. Frick, pastor of the Meri-
dian Street church in Indianapolis.

The Rev. F. C. Lebert, pastor of
the Carthage Friends church deliv-
ered the address of welcome, to
which the newly elected district su-
perintendent, Dr. J. E. Walker, re-
sponded.

The feature of the afternoon ses-
sion for today was an address de-
livered by the Rev. J. Ed Murr,
pastor of the Methodist church of
Milroy. "What proof does our
church require that a person is cal-
led to preach?" was the subject of
the address given in connection with
the conference, which was held to
examine the candidates to preach.
The Rev. Mr. Black of this city is
chairman of the committee.

A delegation of church workers
from this city is planning to attend
the session this evening when Dr.
O. W. Fifer of the Central Avenue
church in Indianapolis will deliver
an address on "Patriotism and
Prayer." At the close of the after-
noon session the delegates and
preachers in attendance were taken
through Ripley township in automo-
biles after which supper was served
in the church.

The business session tomorrow
morning will close the meeting.

A meeting of committees was held
this morning at 7:30, followed by
devotional exercises at 8:30 and a
business session at nine. "Profitable
Use of Time" was the subject of an
address at ten o'clock by the Rev.
P. W. Corya of Brookville. Dis-
cussion on the subject was opened
by the Rev. J. W. Trowbridge of
Fairland. The Rev. L. C. Jeffrey of
College Corner spoke on "Spiritual
Qualifications to Preach" and the
Rev. A. H. Pitkin of Shelbyville
preached a sermon at 11:15.

"Every Church Its Own Evangel-
ist," was the subject of the address
by the Rev. S. J. Cross of Shelby-
ville this afternoon at three o'clock,
following the Rev. Mr. Murr's talk.
The discussion was opened by the
Rev. J. H. French of Glenwood.
"Pastoral Fidelity" was the topic
of a talk by the Rev. L. H. Kendall
at four o'clock and the Rev. J. H.
Carnes was to talk at 4:30 on the
subject, "Are We Prophets of the
Lord."

The thought of Dr. Frick's ad-
dress last night was that the church
was the Lord's only method of sal-
vation for the world and that His
salvation was not only for individ-
uals, but for the whole world as
well.

LOSS IN MERCHANT SHIPS

London, May 21.—Allied other
than British and neutral merchant
ships lost during April totaled 84-
393, tons the admiralty announced.
During the same period the loss in
British tonnage was 220,700 tons.

John A. Tisworth has returned
from a business visit in Indianap-
olis.

BUYS OLD CREAMERY PLANT

W. W. Weakley Will Open Bakery
in Buildings Near Old Location

W. W. Weakley, whose bakery
burned Sunday night, has bought
the two buildings of the Rushville
Creamery company, north of his
present location, and will operate a
bakery there. He was moving in to-
day and will equip his new plant
with modern baking machinery. The
creamery company has not been op-
erated for some time.

Firemen were still fighting the
fire in the ruins of the bakery
building today. The large quantity
of flour and substitutes which
caught fire smoldered all yesterday
and last night and today was still
smoking.

WILL ARRANGE WAR SAVINGS STAMP DRIVE

Executive Committee Is Called to
Meet Late Today to Plan Cam-
paign Next Week

COUNTY IS LAGGING BEHIND

In preparation for the approach-
ing War Savings Stamp drive which
will be carried on in this county next
week, a meeting of the executive
committee was called for four-thirty
this evening at the office of the
county chairman, John A. Tisworth.

The fact that Rush county has not
come up to the standard in this par-
ticular drive has been a source of
annoyance to the patriotic citizens
in the entire county and at this af-
ternoon's meeting an effort will be
made to find the reason for the lag-
ging response with which the county
has been credited.

The contemplated drive will be
carried on much in the same manner
that is being employed in the Red
Cross drive, Liberty Loan and other
similar movements. The organization
which will be used for the campaign
has not been decided on but it is
probable that it will be the Liberty
League's meeting an effort will be
Loan organization.

Attractive posters, advertising
the drive, have been received at the
local headquarters and will be plac-
ed in the public buildings within the
next few days.

HEAPS PRAISE ON LOCAL LOAN WORKERS

Secretary McAdoo Congratulates
Them on Success With Which
They Aided in Campaign

ASKS HOLDERS TO KEEP BONDS

"Please accept my warmest con-
gratulations on the magnificent suc-
cess of the Third Liberty Loan. It
is a triumph of sound war financing
and is highly creditable to the intel-
ligence and patriotism of the Ameri-
can people."

The message received here by
Earl H. Payne, one of the directors
of the recent loan campaign, is di-
rected to every loan subscriber in
the county from W. G. McAdoo, as
an acknowledgement of their co-op-
eration in the drive. Mr. McAdoo
urges bond purchasers to keep them
for their own good as well as for
his country's sake.

"Too much praise cannot be given
to the men and women who have serv-
ed with such extraordinary unself-
ishness and enthusiasm," declared
the secretary of the treasury. "I
wish I could express to each one
personally my grateful appreciation
of the real American spirit with
which red blooded citizens respon-
ded to the government's appeal for
funds."

Mr. and Mrs. Warren Elder and
family have returned from a visit
at Red Key.

AMERICA'S FIRST ARMY IS FORMED

Unit Consists of Approximately
200,000 Men, Making up 2 Corps
of 3 Divisions Each

MENOHER MAY BE COMMANDER

Likely That by August 1 U. S.
Troops in France Will Approx-
imate Those of The British

ENGLISH TAKE PRISONERS

Successful Operation Northwest of
Merville—Hostile Counter At-
tack is Broken Up.

(By United Press.)

Washington, May 21.—America's
first field army—approximately
200,000 men—has been formed in
France. It is understood to consist
of two army corps of three divisions
each, with Col. A. W. Bjornstad as
chief of staff. Maj. Gen. Hunter Lig-
gett is understood to command one
of the corps.

While no official announcement
has been made of the make-up of
the army, it was suggested by army
officials here that Maj. Gen. Charles
T. Menoher probably will be the
commander. Both field and corps
commander are expected to receive
the title of lieutenant general when
Pershing makes the recommenda-
tion.

Unless the British army is greatly
reinforced in the next two or three
months, it is likely that by August 1,
the number of United States troops
in France will greatly approximate
the size of Haig's forces facing the
Germans.

German Attack Repulsed

London, May 21.—Successful
raids in Flanders and Picardy, ac-
tive and hostile artillery firing near
Arras and the repulse of a German
attack on the western portion of the
Flanders front was reported by
Field Marshal Haig today.

"We carried out a successful op-
eration northwest of Merville and
took 30 prisoners and six machine
guns," the statement said.

"A hostile counter attack at the
same point following a heavy bom-
bardment was broken by our artil-
lery and machine guns."

"We made a successful raid south
east of Arras, taking a few prison-
ers and a machine gun."

"Hostile artillery fire was more
active than usual between the Niep-
pe forest and Meteren, and between
the Scarpe and Lens."

Indianapolis Man Lost

Washington, May 21.—General
Pershing reported 41 names in to-
day's casualty list divided as fol-
lows: three killed in action, two
dead of disease, one dead from
wounds, seven of accident, twenty-
four wounded and two missing in
action.

Capt. James Norman Hall aviator,
previously reported killed, is known
to be a prisoner in a German hos-
pital. He was wounded seriously.
Lieut. Harry C. Colburn of Indianap-
olis died from an accident.

Penetrates German Lines

With the Americans in Picardy,
May 21.—An American patrol pen-
etrated the German lines last night,
put an enemy patrol to flight and
returned safely to the American
lines.

The patrol crept across No-Man's
land at a point where the lines are
about 200 yards apart. A strong
Boche patrol suddenly attempted to
get the Americans but when the lat-
ter opened fire turned and ran. The
Americans made their way back
without losing a man.

HELPED A WIDOW

Mrs. O. Waldman, 460 Glenn Ave., Fresno, Cal., writes: "When I was young I had a fever and it left me with a cough every minute. Thirty-two years ago I read about Foley's Honey and Tar and bought some and it helped me. I use it yet and it helps me every time. I am a widow 66 years old." There is nothing better for bronchial, grip and similar lingering coughs and colds that hang on. Just fine for children—for croup and whooping-cough. Contains no opiates. F. B. Johnson—Adv.

REYNOLDS BOY MAY RECOVER

Arthur Reynolds, the five-year-old son of Mr. and Mrs. George Reynolds, who is suffering from the effects of a rifle shot Saturday afternoon is resting today and the chance of his recovery is held out by the attending physician.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with "pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and a poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Days Pickings

Miss Luella Mauzy, daughter of A. C. Mauzy of Indianapolis, is seriously ill, at the home of her uncle, William A. Mull.

Miss Mildred Norris, daughter of Mr. and Mrs. O. C. Norris, is taking treatment in a hospital in Lafayette, Ind., for a nervous trouble. Her mother is with her.

Nathan Wills, colored, who was sent to Camp Taylor, Ky., from here Monday, April 29, has been transferred to Camp Dix, N. J., and is assigned to duty with an engineers corps, according to word received by relatives here.

People are warned by Mayor Irvin about driving over fire hose. The offense was committed during the Weakley bakery fire Sunday night, which caused the warning to be issued by the mayor. There is a state law which makes this punishable with fine and Rushville people are urged to remember it in the future.

The Young Women's Congress gave a reception last night at the home of Prof. J. E. Bean, colored, in East Seventh street, honoring Miss Dorothy Easley who is a graduate of the 1918 class of the local high school. The pleasant time was spent in playing various games, and at the close of the evening, light refreshments were served. Miss Easley was the recipient of some beautiful gifts from both the Congress and the Sunday school of the Second Baptist church.

Rushville People Were on Enforced Wheatless Rations

Rushville went on enforced wheatless rations yesterday, not because the government is demanding any such drastic program, but because it was the only alternative. The morning train from Indianapolis was late so that bread did not arrive in time for the last morning delivery. There was no Rushville bread, aside from Wilkinson's, who could not supply everybody, because the Weakley bakery burned down Sunday night. There was only one answer—corn bread or some other mixture of wheat substitutes.

LOCAL ODD FELLOWS ATTEND

Representatives of the Odd Fellows of this city have gone to Indianapolis to attend the Grand Lodge meeting which will open tomorrow morning. Alva Newhouse and J. T. Arbuckle are attending the meeting there today which consists of the annual state meeting of Rebekahs. Russell Price has been named delegate from the local lodge to attend the sessions tomorrow.

WHITTALL THE MARK OF QUALITY

When We Talk Whittall Rugs

We want you to know what we are talking about. We always feel that we can talk pretty big when we get on this subject because we know, no matter how much we say, we cannot exaggerate their good qualities.

1. The Whittall line of Rugs and Carpets is the finest made in America.
2. Every rug and yard of carpet is made on honor and every rug and yard of carpet bears the trade mark "Whittall's", woven into its back—the trade mark is the proud guarantee of the manufacturer.
3. The materials and workmanship that go with these rugs are unequalled.
4. The dyes are tested in thirty days' direct sunlight and no dye that will not bear this successfully is used in the manufacture of Whittall goods.
5. Their reputation for beauty and splendid wearing qualities is world-wide.
6. The line is large and contains just the rug you want in just the size and quality you want it and at the price you can afford.

We show the largest stock of WHITTALL RUGS in this section of the country. We are anxious to add our personal guarantee of excellence to that of the manufacturer.

Pantry Preparedness!

Pantry preparedness for the practicing of food conservation is just as essential to the winning of the war as is National preparedness for the fighting of the battles of the war.

There are only a few articles on which the use is restricted while there are dozens on which there are no restrictions.

Fill your pantries with foods recommended by the Food Administration; by so doing you will use less of the foods that are needed for our soldiers and Allies.

Keep These Hands of Mercy at Work

DID you ever lay in No Man's Land with a shattered thigh and a throat that burned with thirst?—If you had you'd give to Red Cross "till it hurts."

Did you ever see a little French child of the war sitting by the roadside, sobbing quietly because she is too weak to cry very loud? If you had you would have sold your watch to buy her food and clothes.

But you are not there. You are here where these sights and sounds are not brought home to you. But your Red Cross is there—and you can help it. \$100,000,000 must be raised in one week.

"Keep these hands of mercy at work!" The money you give to Red Cross now will give you the right to say—"There are happy children, joyous mothers and strong men alive today because my money went across." Millions of loyal Americans will pledge a part of their earnings during June, July, August and September.

What Will You Do To Help?

Red Cross 2nd War Fund May 20-27.

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

REO**Every Reo Six Is "The Best Six"**

TWO REO SIX OWNERS met on the street recently. Just happened to drive up and stop at the same place.

THAT FRATERNAL SPIRIT that for some reason exists between all Reo owners served as an introduction.

YOU SEE, THE VERY FACT that a man owns a Reo Six is an endorsement of his sound judgment and good taste—

AND, OF COURSE, they talked of their Reos.

"MY SPEEDOMETER SHOWS 23,874 miles!" exclaimed one exultantly, "and I have owned this Reo Six just two years—bought it in March, 1916."

"THAT'S PRETTY GOOD" replied the other, "but just come here and look at mine."

"24,962 MILES—and I also bought my Reo in March, 1916."

JUST THEN ANOTHER Reo Six came along. Noticing it was the same model they hailed it and asked,

"HOW LONG HAVE YOU driven your Reo Six and how many miles?"

HE HAD DRIVEN his Six 20,245 miles in twenty-one months.

DID SPACE PERMIT we'd like to tell you all those three Reo owners said to each other—for each was an enthusiast and each insisted that hard driving and care considered, his was the best Reo.

THAT'S THE IDEA we wish to convey in this advertisement—that every Reo is a good automobile.

WONDERFUL UNIFORMITY of performance due to wonderful uniformity of quality—that is an attribute distinctly Reo.

WE'VE SAID BEFORE and we repeat, that after 20,000 miles your Reo Six is still new.

OWNERS KNOW THAT—not only Reo owners, but their friends who drive other sixes and who compare notes as to cost of operation and upkeep.

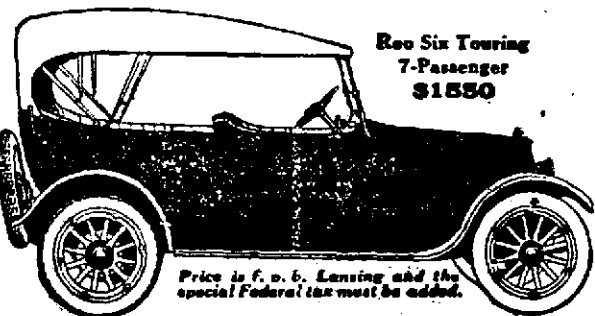

AND THAT IS WHY the demand is always greater than the factory output.

YOU MUST ORDER your Reo Six at once if you would obtain one for early spring delivery.

**The War as a Melting Pot**

We hear much these days of the melting pot as applied to the Americanization of our foreign immigrants. While the need has been great that this foreign element be fused with the national life as quickly as possible, there is yet another phase of American life wherein the melting pot can render great service, and that melting pot will be developed in the war upon which we have entered.

Until recent years America has been distressingly provincial. Not provincial as a whole, but provincial by sections. The down easter looked with suspicion upon anything having its origin outside old New England. The southerner viewed all parts of the country save the West as alien territory, and only had a tolerance for that section because it was made up largely of his kinsman.

The citizen of the middle west has always been convinced that creation ceased with the completion of his territory, and so it ran. The thoughts and customs of the various sections were antagonistic, and it was only grudgingly that either could be brought to admit that there might be anything of merit come out of the other.

All this the war will change. We will no longer be a nation of many elements all antagonistic and out of sympathy. We will no longer waste our energies in berating and belittling our neighbors because, forsooth, they may not view all of life with our eyes.

In France there are today young men from every part of this country fighting side by side, sharing the same dangers and the same death. As the war progresses their numbers are increasing. Each is learning from others, and each is unconsciously learning to see life from the other's viewpoint. As the association progresses, many common views will be developed, and where antagonism exists, close and intimate contact will gradually but surely bring each into harmony with the other.

When the war is ended and our boys come home, it will not be a crowd of provincials we shall welcome, but an army of cosmopolitan—world citizens, we may say. These men will have probed to the bottom the character of their fellows, and learned all there was to know of them. And in that knowledge they will each have found much of value when fully understood, and will have learned to appreciate to the full good points of all.

The war will complete what our great industrial development had lacked—it will make us at last one compact nation, all Americans, all with a common interest, a common love and a common destiny.

Eat Enough But No More

The war time definition of conservation should include an actual reduction in consumption.

"But this is no time to endanger one's health," a war worker was heard to argue.

Quite right. The full working strength of every man and woman is

needed during these days of national stress as never before. It is not however, a question of suddenly eating less than is actually needed to sustain life and health but of discovering the fact that the American man and woman has long eaten more than is necessary or wholesome.

As an experiment a group of war workers deliberately reduced their diet 20 per cent below the nutritional standard of 100 grams protein and 3000 calories every 24 hours. In a period covering six months they found their powers of endurance and their physical strength did not suffer, but actually increased. They lost surplus fat, but that was all.

During this time one of the number had typhoid fever and his illness was regarded with extraordinary interest in the light of this reduced diet. His case proved to be a perfectly normal one, his recovery no slower than usual, and he immediately resumed the self-imposed diet. Food saving should imply cutting off all unnecessary consumption.

In the interest of world democracy we must protest against the disposition in some quarters to urge Japanese intervention in Russia. The wish is expressed by some in this country that Japan should throw her armies into Russia and, we suppose, destroy what little there is of democracy in that bleeding country. Japan should stay out. Japan is as far removed from democracy, herself, as ever Russia was, and now when the latter is struggling toward the light, even though feebly, it is the part of all free peoples to give her the glad hand. Our government has expressed great sympathy with Russia in her efforts toward freedom, and though her leaders leave much to be desired, they are the best who have yet arisen. Given time and encouragement, she may develop better leaders and a better system, and may yet emerge a pretty fair democracy. Russia should be encouraged.

No wonder that Austria-Hungary has internal dissensions. So many different races are represented within its boundaries, and the only proposition that they are all agreed upon is that food is necessary to sustain life.

The Federation of Women's Clubs has decided against the adoption of a uniform for women. We are glad of this, for we shudder to think how fat women would look in a uniform designed to be becoming to slim ones.

Ireland thinks that home rule is a better measure than the English rule. We hope the dispute will soon be adjusted, for we all know that Irish courage is beyond measure.

The Germans hoped that their spring offensive would bring peace. But it was a wild hope, for Uncle Sam and his allies will never stand for an offensive peace.

Russia is at present "the bourn from which no traveler returns."

Keep the change and buy a thrift stamp with it.

COURT IS QUIET

The circuit court was quiet yesterday and today on account of the Red Cross second war fund drive. The case of the state against Curtin Wagner, charged with perjury, which was set for trial next Monday, has been continued on motion of the defendant.

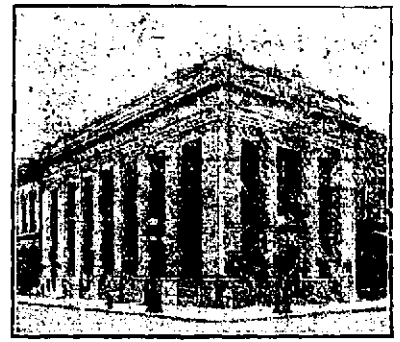

Written On Faces-- Rheumatism

It runs up into the nerves, causes the expression in the face, makes you look and feel sicker than you look, you rheumatism understand. But there isn't as much of it as there used to be. "Neutrone Prescription 99" has educated us to freedom of all Rheumatism and its many ailments.

"Neutrone Prescription 99" loosens those painful, swollen joints and muscles. You can distinctly feel all troubles leaving you and comfort and happiness creeping in. There is absolutely nothing else known like "Neutrone Prescription 99" for all Rheumatism.

You can prove it, get a 50c or \$1 bottle of your druggists today.

GEORGE C. WYATT TO TALK TO UNDERTAKERS

Local Man Will Speak on "The Effect of the New Embalming Law" at State Meeting

FORMERLY STATE PRESIDENT

George C. Wyatt, past president of the funeral directors of the state, is attending the state meeting of undertakers which is being held in Indianapolis.

The convention, which is an annual affair, opened this morning at ten o'clock at the Severin hotel and will continue until Thursday afternoon when the final session will be held. Morning, afternoon and evening sessions will be held throughout the entire convention and Thursday afternoon Mr. Wyatt will address the meeting on "The Effect of the New Embalming Law."

U.S. NAVY INCREASES ITS PATROL FORCE

It is Factor in the Decrease of Submarine Sinking During Recent Months

(By United Press.)

Washington, May 21. The American navy is increasing its patrol force in European waters, the navy department has officially stated.

The increased patrol is one of the factors in the decrease in submarine sinkings. The aircraft contingent is being augmented and the ship forces are being enlarged. Acting secretary of the navy, Benson declared the submarine situation has improved.

Benson stated there was some reason to believe Germany has super-submarines at unusual power but it has been impossible to establish the truth of the reports concerning the vessels.

OUR GOVERNMENT FOOD CONTROL EXPERT SAYS "DO NOT WASTE YOUR FOOD."

Thousands Take Pepsinco Because the Druggist Tells Them It Is the Best for All Stomach Ailments.

Many persons are using a new system of food digestion, not only because our government's food expert says that we shall conserve the food, but, also, because the high price of food stuffs compels retrenchment.

Pepsinco, this systematic method of digestion is inexpensive and can always be relied upon. It is small and powerful. One little tablet will digest an ordinary meal. Everything will be assimilated. The meal will give you strength. Your entire system will undergo a change for the better, once you start this treatment.

Stop at the drug store today and get a small package of Pepsinco, the perfect digestant and make every grain of food do its duty. Fully guaranteed.

Amusements

Last Time For Gerard Film

The only personally authorized version of the soul-trying and history-making experiences of Ambassador Gerard in his four years in the imperial court of Germany is being portrayed at the Princess Theatre before record breaking audiences. Yesterday afternoon and evening the house was packed for

all performances and again this evening the people of Rushville and the surrounding country will be given an opportunity to view the dramatic revival of events which led to America's entrance into the war. Gerard's life in the German capital during the years immediately preceding the outbreak of war in August, 1914, and following those torturing hours when the gray-clad hosts of Wilhelm were sweeping their devastating path across the fertile fields of Belgium, leaving death and destruction in their wake, until America, tried beyond all en-

durance, cast her lot with the allies in the struggle "to make the world safe for democracy," have been visualized through the medium of the silver screen, until one sitting through a projection of this film, does not even have to imagine himself an eye-witness, for he is one. If he has a spark of red blood in his make-up; if his soul responds in any measure to the despairing cries for help from the stricken people of Belgium, if the pathetic conditions of France mean anything to him, he will be a better American citizen for having witnessed this dynamic

visualization of what German kultur means. **Bill Farnum at Gem** William Farnum is always welcome here. He is particularly welcome in his latest production, "The Heart of A Lion," which runs at the Gem theatre today. It is a pleasure to see Big Bill go after 'em in his own intangible way. When he pulls off his coat and rolls up the sleeves of his blue shirt, one can rest assured that there's going to be action on the screen and plenty of it. That is what makes "The Heart of A Lion" one of the finest

pieces of work Mr. Farnum has ever done. Credit for good work in this performance should go, too, to Mary Martin, Wanda Petit, Walter Law and William Courtleigh, Jr. Two women who combine beauty with acting ability in such rare fashion as Miss Martin and Miss Petit would be heard to find. One never tires of seeing the vivacity of the little blonde, or the majestic seriousness of Miss Martin. **WEBSTER'S MULTICOPY Carbon paper is sold by Louis Miller.**

K. OF C. REPORTS OVERSUBSCRIPTION

\$3,707 Is Total Amount Raised in Rush County For National War Camp Fund
1,652 SUBSCRIBERS ON LIST

The Knights of Columbus war fund subscription in Rush county has totaled \$3,707, according to the report issued by Theodore Heeb, secretary of the drive in the county.

This amount represents the willing co-operation of Rush county residents with a movement which has been one of the most important factors in the social life of the soldiers in campments here and behind the lines in France. The cash subscriptions amounted to \$2,618 and according to the itemized account submitted to the state headquarters, the number of subscribers were one thousand fifty-two. Rush county's all time record was placed at \$3,000.

County News

Fairview

Mr. and Mrs. Adam Hurbert were called to Franklin county Wednesday on account of the serious illness of Mrs. Hurbert's father, John Kline.

Mrs. Frank Huddleson and daughter, Mary Catherine, of Mays were the guests of the Misses Sallie and Lenna and John Higley, Thursday.

Mrs. Raymond Bowles and daughter Vera and Mary Elizabeth of Mays visited Mr. and Mrs. John Brown, Thursday.

Oliver Norris of Rushville was in Fairview on business, Friday.

Samuel Ray of Cleveland, Ohio spent the past week with his brother, Daniel Ray and family and other relatives in this neighborhood.

Mr. and Mrs. Milt Adams were the guests of Mr. and Mrs. Henry Adams in Connersville, Saturday and Sunday.

Mr. and Mrs. Mervin Mohler and son Glen of Connersville, were the guests of Mr. and Mrs. Walter Maple, Sunday.

Mrs. John Mangold and children were the guests of Mrs. Benton McConnell, Sunday.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

Notice of Final Settlement of Estate

Notice is hereby given to the creditors, heirs and legatees of Marietta Poston, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 22d day of May, 1918, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 29th day of April, 1918.

GEO. B. MOORE, JR., Clerk Rush Circuit Court.

A. L. Gary, Attorney.

PATRIOTIC MEETING MARKS CHURCH RALLY

Dr. Stanley Vandersall Conducts Christian Endeavor Meeting in Homer C. U. Church

M. T. FOLEY ALSO SPEAKER

What the Christian Endeavor means in the life of the young people of the church, was very ably discussed by Dr. Stanley B. Vandersall, national field secretary of the Christian Union church in Homer Sunday when the annual C. E. rally service was held.

M. T. Foley, chairman of the state council of defense, and W. T. Blackweth of Indianapolis appeared on the afternoon program. Mr. Blackweth spoke on the causes of the war, after which Chairman Foley in a gripping address, made a plea to the people to forget their petty differences, both personal and political and join in the united effort with but one aim—to make the world safe for democracy.

In the evening Dr. Vandersall again addressed the people on the question of "Vitalizing the Future Church." Delegations from Rays Crossing, Waynetown, Brownsville and Wesley Indiana were in attendance.

DR. W. T. VANDAMENT HAS REACHED FRANCE

Former Rush County Boy Tells of Ride in Airplane, in Letter to Relatives Here

DOCTOR WITH AVIATION CORPS

Mr. and Mrs. Joseph Vandament of Union township have received a letter from Dr. W. T. Vandament, of Kennard, Henry county, of his safe arrival in France. Dr. Vandament was born and reared near Gings and is widely known throughout Rush county. He was practicing medicine at Kennard when he enlisted, leaving a family, and entered a unit of an aviation corps as a physician.

Dr. Vandament described the scene of the camp where he is located as beautiful. He says that he took a ride in an airplane and it was the most enjoyable ride of his life. Dr. Vandament wrote that on a clear day, the airplanes were soaring around over the camp like buzzards.

Dr. Vandament says the food and sleeping facilities are fine, but that smoking tobacco and pipes are very scarce articles.

HEARS OF RUSHVILLE BOYS

Floyd French Writes About Receiving Word From Henley and Hogsett

In a postal card received here, Floyd French, 91st aero squadron, A. E. F., formerly of this city, tells of having heard of Rushville boys in France. He says that he received word from Earl Gregory, 33rd aero squadron, who saw Hines Hogsett and Lowell Henley who are with a motor mechanics squad. Private French says he will be issued service stripes (gold braid), meaning six long months in the zone of advance.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and glossy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little Bio-feron. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with leechin. Nature's own nerve restorer, and put into your blood the invigorating from which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feron, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them.

from discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feron. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

The action of Bio-feron on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feron. Then start taking it at once as he advised or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Sentinal Remedies Co. Inc., Cincinnati, Ohio.

When You Ride Janesville Cultivators You Will Do Good Work

The Janesville Two-Row Cultivator is the Most Simple Made.

The seat is adjustable to nearly five feet back of the front shovels, giving ample view of the work. The shovel gangs are guided by the foot bars which have extreme leverage. These foot guides pivot the wheels as well as shift the shovel gangs. It makes no difference how crooked the corn may be the JANESVILLE shifts so quickly and easily no hill need be disturbed. Our hitch has more freedom than any other we know of. Both a three-horse and four-horse may be had.

To Be Sure Of a Good Crop Buy a Janesville.

GOT GOOD RESULTS

This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore

muscles, a fatigued feeling and other symptoms of kidney and bladder trouble. I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them. Mrs. Chas. Gray, 270 6th St., Detroit, Mich. F. B. Johnson. Adv.

You Know You Can't Always Judge

a man by the clothes he wears, but you surely can by the house he lives in; by the way it is kept up.

A house may be ever so humble but still have the splendor and bearing of a beautiful home, by the way the man keeps it in repair and paint.

A man's personality is seen as much in his house as it is in his actions and behavior. It will show whether he has pride, is thrifty and industrious or just common lazy.

Even the house he rents for someone else to live in is no exception. He can't expect to get and keep the right people in his house if he don't keep the house right.

To do this he must seek the right place to get his material.

MAKE DECORATION DAY ONE OF PRAYER

Aim of Rush County Committee on Public Morals and Religion Lately Organized

REQUEST OF THE PRESIDENT

Churches to be Kept Open All Day, With Union Prayer Service at Night—Other Plans

The Rush county committee on public morals and religion has been completely organized and the line of work they will take up mapped out. The first public demonstration to be given under their direction will be the observance of Memorial Day as one of fasting and prayer.

The Rev. Clyde S. Black is chair-

What Doctors Use for Eczema

A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D.D.D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing skin diseases.

D.D.D. The Liquid Wash
Pitman & Wilson, Druggists.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound, which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

man of the committee in Rush county and is getting in touch with all of the ministers in the county in order that their co-operation may be secured in this movement which is the result of a proclamation of President Wilson.

The present plans are to keep the churches open during the entire day in order that the people may go there at any time for meditation and prayer and in the evening a union prayer service will be conducted. The place for holding the meeting has not been decided but will be taken up during the next few days by the members of the ministerial association.

The Rev. Mr. Black expects to do an amount of effective work through this committee in Rush county and with this object in view is preparing to have representative organizations elected in all of the churches to insure their co-operation and to receive suggestions on the various works which might prove beneficiary to the soldiers and to the folks at home.

Mr. Black has adopted a number of suggestions to be followed by the committee in Rush county. As an initial purpose he asks that all of the forces be strong in their support of all the measures of our government looking to the prosecution of the war. That all preachers and priests as well as other public leaders exert as much influence as possible upon the public sentiment.

Perhaps the most noteworthy of the work to be taken up by the committee, however, will be the endeavor which will be made to keep in touch with the men who have joined the colors, especially those who belong to no church and have practically no family. There are many boys from Rush county, according to Mr. Black, who seldom, if ever, hear from home. When he sees his comrades receive mail, he turns away apparently neglected and forgotten.

AMERICA'S FIRST ARMY IS FORMED

The greatest aerial activities continue along the front

French Take 500 Prisoners

With the British Army in France, May 21.—An American aviator fought the Germans over the line east of Ypres with his leg broken by a machine gun bullet until his engine was disabled.

He fell in No-Man's land, unstrapped himself from his seat and crawled into a shell hole. He dragged himself from crater to crater until he reached the allied front line trenches.

French troops attacking near the

Belgium border last night retook Loere, Hostige, the entire wood south of Brulogze the cross roads nearby and several farms, advancing their lines some distance to the east of Hill No. 44. They took 500 prisoners. Their casualty was light. The attack greatly improved their position around Mont Rouge and Mount Scherpenberg. The French suddenly threw themselves on the Germans on a front of two miles and the result was never in doubt.

British troops advanced their line on a front of 600 yards near Avenue wood, occupying four enemy posts. A hot counter attack was repulsed.

Americans Know A Good Thing

Trust the People to Find Out What is Good For Them

All over the country folks are learning that after the long hard winter's pull, lack of green food and fresh air, they are usually run down, have no appetite, are nervous and in bad shape generally.

Spring to them is a season to be dreaded, their thin, watery, poisoned clogged blood and weak nerves rob them of all ambition or desire to work and takes the pleasure out of life.

For such men and women doctors are recommending Phosphated Iron which goes to the very foot of all blood impurities and nervous troubles. They claim it helps purify the blood by making it over anew, while the way it relieves tired, fagged out nerves is almost too good to be true. The confidence that the American people and prominent doctors have shown in Phosphated Iron, while remarkable, is not surprising, as it is one of those honest preparations that never disappoints. As a man said in recommending to his neighbor, "it's results that count, and you can bank on Phosphated Iron it is the 'goods,' everyone that tries it is a booster, it sure did put me on my feet when I was almost down and out."

Every man, woman and child that has thin, watery, impure blood, no strength, or appetite, weak nerves and is all played out generally, can come back strong, be a live one once again; enjoy restful sleep and get up facing the world with a smile if they will try Phosphated Iron, the red blood and nerve builder.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only do not take pills or tablets. Insist on capsules. Pitman and Wilson and leading druggists everywhere. Rushville, Ind.—(Adv.)

Men and Women of America!

"O, you must—you must—give more!"

The Red Cross Nurse! Glorious product of the war!

Her spirit is calling to you from bleeding France.

She sees the coming millions of American manhood! She knows they must suffer even as their brothers in arms have suffered.

She knows you are willing to help, but oh she is so afraid that you simply can't realize the appalling need for Red Cross aid, and the necessity for you to sacrifice and give and give and give till it hurts!

American Red Cross nurses by the thousands; French, British, Italian Red Cross nurses by the tens of thousands—all are there—giving their strength, their health, their lives.

The least you can do is to have your money there—nursing and saving broken men, and helping poor, starving, homeless little kiddies.

Your first Red Cross contribution was there in time—NOW how much?

"Oh you must—you MUST—give more," says the spirit of the Red Cross nurse—glorious, unselfish product of the war.

In millions of loyal American homes women are going to make some definite sacrifices, and pledge to Red Cross the equivalent of several days' household expenses during June, July, August and September, and this in addition to the male subscription in the house.

Are you going to be one of those women? Can you be any other kind of a woman in this our country's gravest crisis?

WEDNESDAY

CONSTANCE TALMAGE

in
"The Honey-Moon"

Of course he wanted to get rid of her, for it was to be a real honeymoon, and it looked good at the start. But there was an actorine in the offing, the hang-over of a college scrape. This was the cause of all the trouble. Miss Talmage hits the comedy curves at high speed in this magnificent production.
